

# Clinically proven to **protect and restore the endothelial glycocalyx**\*

- Endothelial glycocalyx protects artery walls, allowing blood to flow freely
- Artery wall is compact, deterring penetration

- Protective glycocalyx layer is destroyed
- Fats penetrate endothelium
- Endothelium is compromised
- Artery wall becomes slack and weak

## Arterosil® HP

**Arterosil® is the world's first glyocalyx-regenerating supplement. It is also the only product patented to stabilize and regress vulnerable plaque.**

Your blood vessels have a micro-thin gel lining called the endothelial glyocalyx. The glyocalyx protects and regulates the entire endothelium and is therefore the foundation of vascular health. It inhibits cholesterol and other harmful particles from adhering to or penetrating the endothelial wall. By promoting the health of the glyocalyx, Arterosil supports normal endothelial function, promotes a healthy heart, improves blood flow, and helps maintain blood pressure in the normal range.\* Arterosil also helps support normal erectile function in men.\*

In addition, Arterosil is the only dietary supplement of any type with a US patent targeting vulnerable plaque.

### Suggested Use:

Take 2 capsules daily, preferably one in the morning and one in the evening, with a meal, or as directed by your healthcare practitioner.

Serving Size: 2 Capsules

**Directions:** Take 2 capsules daily, preferably one in the morning and one in the evening, with a meal, or as directed by your healthcare practitioner.

### Supplement Facts

Serving Size: 2 Capsules  
Servings Per Container: 30

	Amount Per Serving	% Daily Value
